

P6 Curriculum Briefing Aesthetics and LLP January 2025

HGS Aesthetics Education

Effective Aesthetics curriculum and co-curriculum to develop Arts learners who are able to:

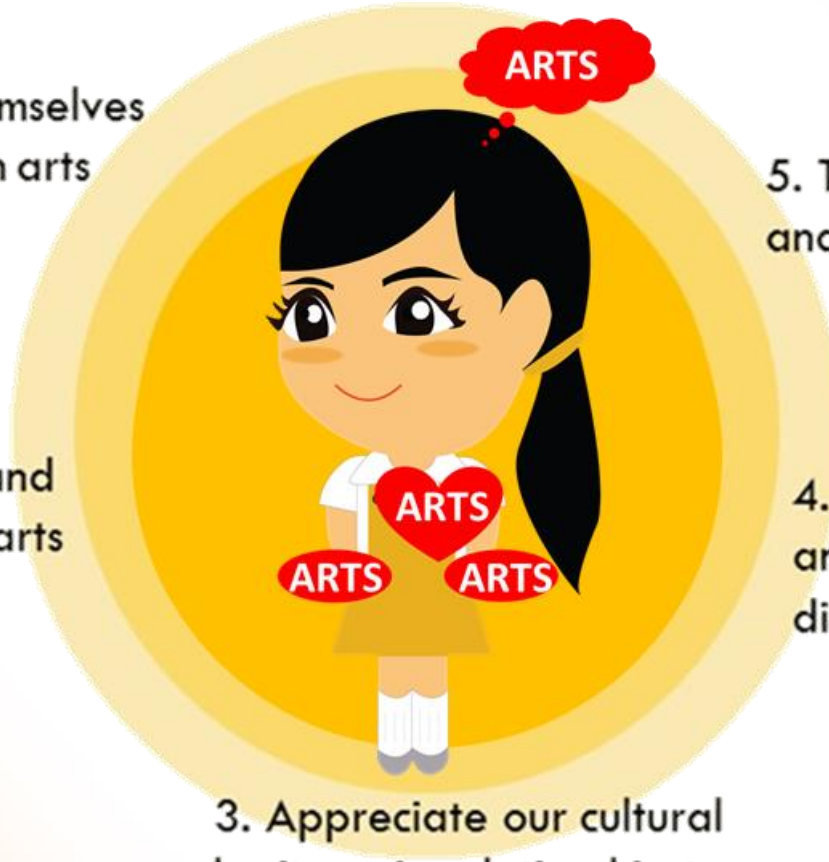

1. Express themselves in and through arts

2. Appreciate and respond to the arts

5. Think critically and creatively

4. Embrace ambiguity and be open to diverse perspectives

3. Appreciate our cultural heritage in relationship to global arts and culture

HGS Aesthetics Education

We see the Arts as a unique vehicle for: **21CC Development**

- developing creativity and personal voice (**Communication**)
- exploring multiple perspectives (**Adaptive and Inventive Thinking**)
- cultivating multi-literacies – distinctive ways of seeing, feeling and knowing the world (**Civic Literacy**)

Learning experiences are designed to enable students to develop and display the school's shared values (**integrity, commitment, concern, creativity and cooperation**).

“...the capacity to set a goal, reflect and act responsibly to effect change...”

Supporting Student Agency

Aims of Music Education

MOE Music Syllabus (2023)

Aims:

Students should:

- a. Acquire and apply musical skills, knowledge and understanding through Listening, Creating and Performing
- b. Develop abilities for creative expression and communication
- c. Develop an understanding and appreciation of music in local and global cultures
- d. Cultivate a life-long enjoyment and involvement in music.

Music Curriculum Structure

In each academic year, three learning outcomes (LOs) are assessed through performance tasks and teacher-observation.

LO1:
Listen and
Respond to
Music

LO2:
Create Music in
both vocal and
instrumental
settings,
individually and
collaboratively

LO3:
Perform Music in
both vocal and
instrumental
settings,
individually and
collaboratively
where students
respectively:
A. Sing
B. Play
Instruments

while **making connections** with authentic
learning contexts **integrating musical
elements and concepts.**
